# ABOUT US

---

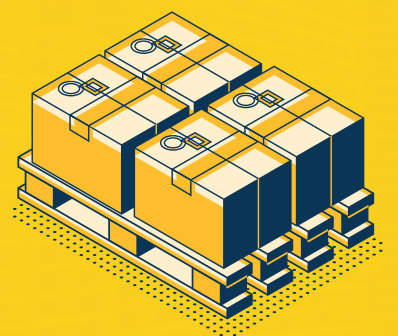

**ESTABLISHED IN 1966**, we are one of the leading manufacturers and traders of custom made new and refurbished wooden and plastic pallets required for storing and export purposes. We are also involved in the manufacture of custom made wooden boxes, wooden crates and wooden collars.

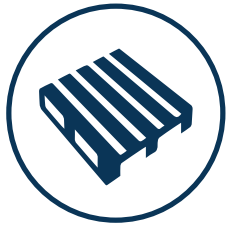

We are fully equipped to provide complete palletization services of all types of cargo such as drums, boxes, bags and so on. Our palletization systems are designed for repetitive heavy lifting of all kinds of materials at a steady pace.

We are involved in the supply of ancillary packing materials such as: Plywood, stretch film, edge boards, dunnage air bags, cord straps, cord strap buckles, PP Straps, PET straps, lashing ratchet/belt, woven lashing, lashing wire rope, turnbuckles, “D” shackles, bulldog clips and so on.

We are authorized heat treatment service providers and all our wooden products are treated, in line with ISPM 15 (License no: IN-450).

With over 50 years of experience in the field, we specialise in providing the best packaging solutions for your export cargo. In line with our vision and mission, we provide the most cost efficient services without any compromise in quality.
